AUDIT

AUDIT REQUEST FORM

Auditors must receive permission from the instructor. People wishing to audit a class should be aware of the following:

- Auditors will not appear on regular class lists and will not be counted in the official enrollment. Written grades and records are not maintained for audited courses. Auditors will be included on class email lists if they are receiving electronic services (see below).
- Auditors may elect whether or not to receive online services from the College. These services include things such as access to e-reserves and Moodle course websites, and inclusion on the class email list.
- All auditors are asked to register using this form even if not using online services.

The final decision about the appropriateness of admitting an auditor and about the character of course participation appropriate for an auditor rests with the faculty member. Auditors are generally not permitted in over-enrolled courses. The College reserves the right to limit the number of courses audited by any one person, to limit the total number of auditors on campus at a particular time, and to change this policy.

Name of Auditor (Last, First, Middle)				Date		
Home or School Address						
Email Address			Telephone
