Requests

1. **Harvard Kennedy Conference** requesting funding for conference

- Rep: 10 more people for \$250 worth of tickets
- Rep: conference is soon so we want this to be emergency funded
- Jacob: you should be good to go even though we don't have enough bodies to vote, will vote when we have enough people

2. **Amherst College Democrats** requesting funding for conference

- Rep: we're going to the Science March, we're having a sign making party before the march (4/22 Sat.)
- Rep: we need to get corrugated plastic boards for the signs, most of the request is for boards
 - total request \$150
- Rep: we're hoping to get at least 60 signs
 - \$1.5-\$2.00 a piece
 - Rep: if it's windy or rainy, the corrugated boards would be more durable, and the posters may be erasable so we can maybe reuse them for another event
- Jordan: how many people for 60 signs?
 - Rep: we have about 56 people now, we may take more
- Jacob re-explains lack of quorum, BC will vote when there are enough members

3. **3D** requesting funding for event

- Easter is this Sunday (4/16) so we want 3a,b to be emergency funded
- Rep: I don't know how food rules go
 - Jacob: I don't think eggs are food but candy is definitely food, you can get \$50 total but you also requested \$50 for pizza so you can split between candy and pizza, and eggs we can fund separately
 - Rep: ok, let's do \$25 for candy and \$25 for pizza
- Rep: second event, the games are for all of next year too
 - Jacob: decorations, cups, plates, napkins are fine but what kind of games are you trying to get?
 - Rep: Life, basic board games like that, the games aren't entirely necessary
- Will: by when do you need this?

- Rep: two weeks
- Jacob: see if the Traditional Games Club has anything, or Keefe, and come back if you need anything else, but for now we'll zero the games

Olivia (voting BC member) arrives late

Jordan: **bulk motion to fund 2-4 (4, 0, 1), approved**

4. **Film Society** requesting funding for event

- Rep: had problems with e-board this semester and so they're trying to make a mega screening event combining food rules (intro and discussion)
 - Ben: is this ok though?
 - Jacob: they weren't able to request in the beginning of the semester because of their sketchy e-board so I think it's ok to combine it now, we have done it before
- Jordan: **motion to fund 5a,b,c (4, 0, 1), approved**
